Neumarkt, 23 September 2026

Supervisory Board appoints Dominik Ilgner to the Executive Board of DEHN SE

The Supervisory Board of DEHN SE has appointed Dominik Ilgner (47) to the Executive Board of DEHN SE with effect from 1 November 2026. He will assume responsibility for the finance division as Chief Financial Officer (CFO), succeeding Florian Bohlmann, who left the company in February of this year.

From 2022, in his role as CFO of the Business Division Exterior at the Brose Group, Dominik Ilgner initiated and oversaw measures to improve results and helped shape the strategic direction of the division. Furthermore, he strengthened cash flow-oriented corporate management and drove forward global transformation. Prior to that, he held various senior positions within the Brose Group, including that of CFO at a major production site in Alabama (USA) and Head of Group Transfer Pricing. Dominik Ilgner began his career in corporate finance consulting at PwC in Munich.

"Dominik Ilgner has extensive experience in the international industrial sector, as well as a deep understanding of governance, management and transformation processes," said Dr Philipp Dehn, CEO of DEHN SE. "With his expertise and strategic acumen, he will significantly strengthen our Executive Board and contribute to the targeted further development of DEHN in a global context."
